DESCRIPTION OF GRANT

Statement of Community Benefit: *(Please describe how ANC funds will be used if the grant is awarded, including the specific benefits to residents and businesses in the ANC, and how the grant addresses the needs and priorities of the ANC.)*

The 400 block of Marietta Place NW would like to host a community block party for all age groups from 11:00 am - 3:00 pm on Halloween day, which falls on a Saturday this year! The family-friendly block party will be an opportunity for joyful community building in Manor Park during the daytime, so that Halloween fun can be enjoyed by a variety of age groups. With Halloween falling on a Saturday this year, the young people and elders in our community alike can enjoy one another's company and have fun, enjoy music and dancing, partake of crafts and STEM activities, and purchase lunch from the Surfside food truck. Here in Manor Park we have really leaned on our community to get through the difficult times that have affected all of DC recently. Celebrating and sustaining this community by creating intentional opportunities for joy is especially important now. We want the beautiful young people in our community to grow up with rich, formative memories of a Manor Park filled with joyous community events such as this, and the older generation to know that they have plenty of people right near by for company and support. Daytime block parties are a unique way for the many beautiful communities and generations in our neighborhood to spend a fun day together and get to know each other even more. ANC Community Grant funds are requested to support specific enriching activities at the block party. These include an all-ages dance party, a face painter, STEM activities, arts and crafts, movement and other activities, and associated set-up supplies such as folding tables and garbage bags. All other expenses will be paid by residents of Marietta Place (purchase of additional supplies, water bottles, snacks, etc.). We have reserved the Surfside food truck for attendees to self-pay. A local DJ has offered to donate his services to play family-friendly music for an "all ages dance party", and all we need to supply is the PA system, which we will return to the ANC for future community use and benefit, along with the purchased folding tables if desired. A face painter has offered us a discounted rate for the event.

Please explain how this project does not duplicate services provided by the DC Government?

The Marietta Monster Mash will be a safe, family-friendly daytime event that is walkable or bikeable for the ANC4B community. This will provide a safe, joyful, accessible daytime event for children and elder community members alike, who may not typically be able to experience Halloween fun in the evening.

How will success of this project/event be measured and documented *(i.e. number of participants and outcomes)?*

We will measure success by the number of attendees/participants. We plan to have a sign in sheet to track attendance.
